

## Week-9

**Aim:** To create a simple application using AJAX

**Code:**

ajaxpage.html

```
<!DOCTYPE html>
<html>
<head>
  <title>AJAX</title>
  <script type="text/javascript">
    function ajaxFunction(){
      var ajax = new XMLHttpRequest();
      ajax.onreadystatechange = function(){
        if(this.readyState==4 && this.status==200){
          document.getElementById("test").innerHTML =
this.responseText
        }
      };
      ajax.open("POST", "aboutHalloween.txt", true);
      ajax.send()
    }
  </script>
</head>
<body>
  <button onclick="ajaxFunction()">Click To Know About Halloween
!</button>
  <div id="test"></div>
</body>
</html>
```

aboutHalloween.txt

Halloween or Hallowe'en (a contraction of "All Hallows' evening"), also known as Allhalloween, All Hallows' Eve, or All Saints' Eve, is a celebration observed in many countries on 31 October, the eve of the Western Christian feast of All Hallows' Day. It begins the observance of Allhallowtide, the

time in the liturgical year dedicated to remembering the dead, including saints (hallows), martyrs, and all the faithful departed.

One theory holds that many Halloween traditions may have been influenced by ancient Celtic harvest festivals, particularly the Gaelic festival Samhain, which may have had pagan roots; some scholars hold that Samhain may have been Christianized as All Hallow's Day, along with its eve, by the early Church. Other academics believe, however, that Halloween began solely as a Christian holiday, being the vigil of All Hallow's Day.

## Output:
